Total Reduction to Revenue:	<hr/> \$236,205

Assumptions and Next Steps w/Nod of 5

- Colorado Dept. of Revenue in HB22-1055 Fiscal Note used to assist with estimate
- Actual revenue impact may be less than estimated given factors such as products being purchased outside of Boulder due to retailer availability (big box)
- Obtain more Boulder-specific demographic information to more accurately calculate product sales and related tax revenue reductions, i.e.:
 - Age and gender mix
 - Seasonal population changes (students)
